When you start on a small scale, you have the choice of expanding the business later on. We also have the opportunities of going into several niches that exist in this industry. Finally, not only do our employees undergo trainings and also work in a conducive environment, they are also well paid and have the best welfare packages as can be found in similar start-ups across the small engine repair industry in the United States of America.

Instartinganenginerepairshop,youcaneitherstartonasmallscaleorlarge We will also engage in other services such as sales of refurbished engines, sale of small power equipment as well as offer consultancy service, trainings and other services as well for our wide range of customers. Every business faces threats, and so the threats that we are likely to face will come from a slump in the economy. However, as this would be for only a while, we intend to ensure that we carry out massive publicity in order to ensure that customers are aware of how low we are charging for our services.

Findoutwhoyourcompetitorsarebysearchingonlinedirectoriesandsearch Advantage A competitive advantage we have over other businesses offering similar services is our commitment to client satisfaction through a robust client feedback system, where clients will be given the opportunity of telling us how they feel about services provided, and if there are specific areas they feel can be improved .
