LathamHeita Kawakatsu This book is the fifth volume of essays edited by A. This exciting new volume examines the development of market performance from Antiquity until the dawn of the Industrial Revolution. Condemned at the end of the 18th century as a "false" system of economic thinking and political practice, it has returned paradoxically to the forefront in regard to issues such as the creation of economic growth in... AlthoughBengalindustriessweregloballydominantontheeveoftheindustri They address such major issues as the role of economists in the 2nd World War, the significance of the Marshall plan and Britain's relative economic decline. Yet it was labour absorption and the improvement... Paperback – Routledge
Routledge Explorations in Economic History. Focusing on the period BCE, it looks in particular at the development of political institutions and taxation, including a new look at the activities of individuals like Solon,... Paperback – Routledge
