Here the nominative in Zayd is explained by the general property that topics are nominatively marked In 7 b the problem is to explain the accusative in Zayd, which Sibawaih does by assuming an implicit verb Pidmaar al-fiUh Here it may be noteworthy that twelve of these latter examples have a sonorant at C2.

Logically, however, linguistic reconstruction is independent of culture. Be the first to ask a question about A Linguistic History of Arabic. It can be suspected that the existence of allophonic emphatics in the Old Arabic literature probably masks the existence of these same sounds as contrasts phonemes. However, the issue was treated within the framework of a logical matrix rather than by a systematic methodology.

Pre-diasporic Arabic is a variety based on the results of reconstruction of more Arabic dialects, for instance, 2MSG -ta or in Yemen -ka in some highland regions as noted by Fischer, is attested in about fifteen locations in north and central Yemen, and T. He suggests that urban Neo-Arabic städtisches Neuarabisch is further removed from Old Arabic than are the Arabian dialects.
