Consistently thought provoking and inspiring - at times humbling and even disturbing - this story is more than a chronicle of the disasters that have befallen this poor and poorly understood country or the resilience of its people. This book had a great impact on me - not that I think it will change my life.

Consistently thought provoking and inspiring - at times humbling and even disturbing - this story is more than a chronicle of the disasters that have befallen this poor and poorly understood country or the resilience of its people. Your recently viewed items and featured recommendations. Books by Arthur M. He was among the first to treat patients with AIDS and recognize the socioeconomic forces driving the epidemic.
