Patricia Danielson, connect the carrier damage with a mysterious seismic signal. Craig Wheeler is my Astronomy prof. That energy would also be absorbed in deep earth, but is an issue near the surface. When the team finally uncovers the truth about the Krone experiment, they discover a ticking doomsday clock, one whose hands cannot be turned back, whose unstoppable pendulum swings through the very Earth itself. My son, Rob, grew up fascinated by movies. Everyone compares it to Clancy and justifiably so. Once outside the earth in the vacuum of space, Hawking's original theory applies. When I was young, I enjoyed many improbable science fiction novels.
