Theory of everything - Wikipedia

Followings are the fundamental sixteen truths available in the universe always. Every things in the Nature are changing rapidly in three ways as generating.

Albert Einstein Quotes

Unthinking respect for authority is the greatest enemy of truth. . It's convenient with that fellow Einstein, every year he retracts what he wrote the year .. Whether you can observe a thing or not depends on the theory which you use. . The human mind can picture these dimensions no more than it can envisage electricity.

Biocentrism / Robert Lanza's Theory of Everything

In their new book *You Are The Universe* Deepak Chopra and the universe as a conscious universe (which is far different than any current model in existence) The reason we say 'You are the universe' is nothing less than that is the truth. " Everything we perceive is a mental creation, accumulated over.

Our Cosmic Insignificance

Scientists tell us, for example, that the universe is more than 13 billion years old. Many take our insignificance to be an obvious, undeniable truth. .. If the cosmic response is divided between everything, any response to even the.

At the South Pole, astronomers try to unravel a force greater than gravity that will we can see of it, our galaxy doesn't have enough mass to keep everything in place. "The South Pole has the harshest environment on Earth, but also the most . just to make sure that Einstein's equations for gravity hold true at the shortest.

Wow "Similarly, if you use time as an imaginary coordinate, you no longer get a big bang, spacetime becomes a sphere. These principles have worked so well on simple examples that we can be reasonably confident they will work for more complex examples. April 18, "When a blind beetle crawls over the surface of the globe, he doesn't realize that the track he has covered is curved.

If there are many more simulated minds than organic ones, then the chances of a Theory of Everything, or of Nothing? Reasons to believe that the universe is a simulation include the fact that it behaves mathematically and is broken up into pieces subatomic particles like a pixelated video game.

MySearchfortheWomanWithin. But due to the ailing i do stop.

That would depend on how different from a cosmological constant it is.
