Marvin Goldman is an American doctor who provided commentary to newspapers claiming that radiophobia had taken a larger toll than the fallout itself had, and that radiophobia was to blame. Approximately 2 weeks after the test and fallout exposure, the member fishing crew began to fall ill, with acute radiation sicknesslargely brought on by beta burns that were caused by direct contact between the Bikini snow fallout and their skin, through their practice of scooping the "Bikini snow" into bags Radiophobia is Poverty Business (Japanese Edition) their bare hands.
