His characters are human, his governments are shallow and tricky webs of lies and personal ambition woven among the brave and stouthearted, and his agencies are a tenuous balance of trust and mistrust. Although this novel is complete in itself, it is the first in a series; I'll be first in line for the next one as I can't wait to see what happens. Mar 23, martin benfield rated it it was amazing.

Thebookdoescontainquiteafewmilitaryacronyms.StephenEnglandisoneof Kindle Edition Verified Purchase. I did not interpret it that way; I read these passages slowly, trying to put myself in the head of the narrator or character, each fragment being a discrete thought or observation after all, people don't think in complete sentences or paragraphs! I'll break one out right now, but only if you promise to withhold judgment until you read the rest of my review.
