Because, from the perspective of free traders, protectionism is always seen as bad, the success of this postwar system has been largely under-recognised. Over the past decade, there has been an unprecedented mobilization of street protests worldwide, from the demonstrations that helped bring progressive governments to power in Latin America, to the Arab Spring, to Occupy movements in the United States and Europe, to democracy protests in China. ReadmoreRead. Write a customer review. For example, the protection of consumers – all trade takes place under certain constraints. The author exposes the myths of the spontaneous emergence of the market economy and the role of government as a disincentive towards private initiative,....

CriticalresearchandtheorizingontheAnti-orAlter-GlobalizationMovement neo-liberalism has produced multiple crises – social, ecological, political. This volume focuses on how the global financial architecture was redesigned following the financial crash of
