In light of this background, we will then turn to the poets and novelists featured in this volume and offer a collective redefinition of an undogmatic poetics breaking with the traditional repetition of formulaic structures that has come to characterize the French cultural experience through history. With the exception of Jacques Roubaud, an Oulipian and a professor of mathematics at the University of Paris, the

poets and novelists in this volume do not experiment so extensively with form, but I would argue that they all share Emmanuel Hocquard's observation that what assures the value of any given text is not its content but its form. That does seem to be a slightly disproportionate relationship, unfortunately! Radical thinking had to be accompanied by a radical reformulation of poetics. But the oral, the vocal—that's in the poem of language; there's no doubt in my mind. Are you yourself touched by some of these themes, by some of these translations of themes into a working poetic language? First of all, as I've just said, there's a loss of musicality and also a loss of a regime of intersubjectivity is open and spaciouly circumscribed by Socrates; the exchange is completed when, and if, I know that you know that I know-I-don't-know-anything.
