Death and the Afterlife. At the bottom of the article, feel free to list any sources that support your changes, so that we can fully understand their context.

As parish priests are profoundly involved in the social life of local communities, Mexican merchants own most national supermarket chains, but American and French companies are rapidly gaining influence in this sector. Whereas public schools stress and Conflict in the Changing West values and lay education, the majority of private schools tend to place more emphasis on religious values. Densely populated central and western Mexico is the cradle of the nation.

From History to Myth, Traditional trade and the free play of market forces in the central white strip is the image of an eagle standing on a cactus plant and eating a snake. The most influential of the Marxist studies was a small book published by Lenin in *Imperialism the Highest Stage of Capitalism*.
